

## **Technology Accessibility Statement**

The Highlands Metropolitan District No. 3 is committed to providing equitable access to our services to all Coloradans. Our ongoing accessibility effort works towards being in line with the Web Content Accessibility Guidelines (WCAG) version 2.1, level AA criteria. These guidelines not only help make technology accessible to users with sensory, cognitive and mobility disabilities, but ultimately to all users, regardless of ability.

### **Implementation of Accessibility**

The District has developed systems and processes to ensure digital content meets technical standards through accessibility assurances in contracts and conducting regular testing of digital content for accessibility and through the use of third-party tools.

### **Feedback and Support**

We welcome comments on how to improve our technology's accessibility for users with disabilities and for requests for accommodations to any district services. Please let us know if you encounter accessibility barriers or need assistance with our online services.

All requests are considered on a case-by-case basis and the District will do its best to reply to all communications within three (3) business days. Reasonable accommodations or modifications are provided at no cost. Please note accommodation requests that would impose an undue financial, technical or administrative burden to the District may not be fulfilled as requested. Requests can be made to:

Phone: (720) 213-6621
